## Did You Know ???

---

Did you know that Carnival Cruise Lines has a program allowing you to renew your wedding vows at sea? I didn't until we were booking our cruise in 2006 aboard the Carnival Triumph. I booked the Triumph because it was doing the same itinerary as we did aboard the Carnival Celebration in 1990 for our honeymoon. After finding they did the renewal of vows, that clinched it. For a small fee (won't quote what we paid because it has probably changed since the cruise) the Captain of the vessel will perform a ceremony, you get a HUGE cake, you get to invite up to 8 couples to attend and a slideshow video and pictures are taken of the event. I'll be honest, it was flawless! Just be careful, the picture and video package is \$2500 but you can look at the pictures, choose which ones you want and reduce the price dramatically. They also threw in a lot of freebies for the ceremony. Look into it or reply to this BLOG and I'll look into it for you.
