
Flowrider for Carnival?

Posted by NWLB - 2008/06/16 15:32

Reading Seatrade this afternoon, I noted an article discussing the addition of a Flowrider at the Grand Turk cruise center. It seems Carnival will let people pay for the activity ashore when its ships visit there.

Without adding further comment, suffice to say it is an interesting illustration of the difference in how CCL approaches its trade, vs a Royal Caribbean.
